@AJSFARMSHOWS

WELCOME TO THE FIBRUS SFM SHOW 2023

On behalf of everyone involved we would like to welcome you to the 2023 Fibrus Spring Farm Machinery Show. For 2023 we are continuing to build on the success of recent years and we want to thank our exhibitors, sponsors and visitors for continuing to support the SFM show from year to year. For the first time this year we are proud to welcome Fibrus on board as our headline sponsor.

The SFM Show is now widely recognised as the leading farm machinery, equipment and services show across Ireland and provides a unique platform for businesses to interact and engage with existing and new customers as well as networking with others within the trade for the busy year ahead.

Stay connected with us across our social channels as we will be giving lots of updates across the two days of the show, you won't want to miss out.

We value your feedback and we thrive to improve to bring you the best show possible so feel free to drop us an email to info@ajspromotions.com with any feedback you may have. We hope you have a great time exploring the show and thank you once again for your continued support.

A WORD FROM OUR SPONSOR

"Fibrus is proud to be the headline sponsor at this year's Spring Farm Machinery Show. Farming and agriculture are integral to the fabric of Northern Ireland and to the communities we serve, that is why we are delighted to support one of Ireland's biggest agricultural events.

Fibrus is passionate about connecting people, particularly in rural and hard to reach parts of Northern Ireland. Farmers are the beating heart of local communities and play a vital role for both the people of Northern Ireland and the economy. We are committed to levelling up access to vital broadband that will ensure farmers, and those in the agricultural heartlands, can remain connected and access the services they need to support their business.

Fibrus is present at the Show over the two days. We have lots of exciting things happening at Stand H1023, so be sure to pay it a visit, speak to our colleagues and take advantage of our exclusive show offer."

Exciting product launch

By staff reporter
farminglife@nationalworld.com
@FarmingLifeNI

One of the most exciting product launches this year has been the long-awaited launch of the McHale Fusion 4 Plus bale wrapper.

G A Allen will have the all new McHale Fusion 4 Plus on their stand at the Spring Farm Machinery show along side the ever popular McHale proglide mower range.

Make sure and grab one of the G A Allen or McHale staff members and see what all has changed on the Fusion.

As well as the McHale product range G A Allen will have a wide range of agri-

cultural machinery on their stand.

The pocket rocket Pitbull compact handler will be there alongside the Peecon Diet Feeder and Tulip fertiliser sower and disc.

If all goes to plan they intend to have the Spread a Bale bedding machine which has proved a very popular product this winter.

From the shows at Fintona and since the first show at Balmoral G A Allen have always been at the Spring Farm Machinery show and they are looking forward to seeing you once again.

The McHale Fusion 4 Plus.

Deutz Fahr models

By staff reporter
farminglife@nationalworld.com
@FarmingLifeNI

Deutz Fahr through G A Allen and Hunter Kane have been regular attendees of the Spring Farm machinery at Balmoral.

This year they return to the show to showcase a range of models which include the ever popular 5 series through to the impressive 6 Series tractor. At this year's show the all new RV Shift transmission will be on the stand and this brings comfort gear change even further throughout the range.

The staff of G A Allen and Hunter Kane look forward to

Malone products for you

Malone Farm Machinery are a company based at Ballyglass, Co Mayo.

Malone Farm Machinery manufacture a wide range of agricultural products, exporting them worldwide.

Items include Tedders, Mowers, Self-loading wagons, Post drivers, Toppers and Log splitters.

The company will be featuring some of their machinery on the CR Morrow Agri stand.

"A Tedd-air 840, 3000 MC, Procut 320, Procut 240, Post-driver and Log-splitter will all be present for viewing," said Fearghail Connolly, Sales Man-

A J Armstrong to return to Farm Machinery Show

By Staff Reporter
www.farminglife.com

A J Armstrong is a family owned business and since formed in 2005 has gone from strength to strength whilst continuing to pride itself in the high standard of repairing and servicing JCBs the business has continued to expand branching out into the sales of new and second hand machinery.

They return to the Spring Farm Machinery Show, Balmoral on Wednesday 25th and Thursday 26th January, with an impressive display of

Hidromek Machinery such as the Hidromek 145LCR, Hidromek 230LC, and the Hidromek 62T.

With all of their products tested by highly qualified and experienced staff, they will be glad to offer assistance and guidance to visitors at the show, to provide demonstrations of their equipment functionality and offer advice based on their long-standing experience in this trade.

You can check out their extensive range and speak to a member of A J Armstrong's experienced team at their stand in The Eikon Centre, Balmoral Park at The Spring Farm Machinery Show.
